from the 1st November 1904, after which date no requisitions for correction or alteration which is not in accordance with these rules will be complied with.

ALTERATIONS IN ACCOUNTS, ETC.

Rules.

1. No alterations should be made in the District Treasury office copies of the accounts and other returns submitted to the Comptroller without his permission previously obtained. Such alterations should be in the form of a memorandum showing the addition or deduction proposed to be made under the heads affected and explaining the necessity therefor. It should be accompanied by a certificate under the signature of the Deputy Commissioner that he has personally satisfied himself that the corrections are necessary, or in his absence, of the senior gazetted officer other than the Officer in charge of the District Treasury.

2. The memoranda of alterations proposed will, if approved, be returned by the Comptroller with the word 'approved' endorsed thereon, and the Treasury Officer will thereupon make the necessary corrections in the account under preparation and forward the 'approved' memoranda in support of the entries in the Treasury account to the Comptroller. In cases where the amount of the current transactions under the head is less than the deduction to be made, the balance should be shown in the Treasury account as a minus entry in red ink.

3. This method of adjustment cannot, however, be employed after the submission of the account for June of the year in which the original item appeared, as such adjustments can be effected only in the Comptroller's office. Alterations of this nature should therefore be proposed in separate memoranda which should be submitted so as to reach the Comptroller before the close of October of the following year.
